

Cablelynx Acceptable Use Policy

Cablelynx provides a variety of Internet Services (the Services) to both residential and business customers (the Customer). Below, you will find the terms and conditions that you agree to by subscribing to Cablelynx High Speed Internet.

Cablelynx may modify this Acceptable Use Policy at any time without notifying its users. For this reason, Cablelynx users should consult the website (www.yourcableinfo.com) regularly to ensure that their actions are in compliance with the most recent version of the Acceptable Use Policy. In the event of any conflict between this Acceptable Use Policy and the Cablelynx Terms and Conditions of Use, this Acceptable Use Policy will govern.

You agree that, if any portion of this Policy is held invalid or unenforceable, that portion will be construed consistent with applicable law and nearly as possible, and the remaining portions will continue in full force and effect.

If you do not agree to abide by this acceptable use policy, please notify Cablelynx Customer Service immediately by calling 1-800-903-0508, or visit your local cable office to cancel your subscription.

1.0 Introduction

- 1.1 This Acceptable Use Policy is designed to foster an online environment of mutual respect in which everyone is able to enjoy the benefits of cablelynx. We believe that the restrictions set out in this Acceptable Use Policy represents a fair balance between the freedom of the individual and the need for some basic rules to ensure that cablelynx's Internet access is not use in an abusive or illegal way.
- 1.2 Cablelynx users are responsible for ensuring that their accounts are used in accordance with this Acceptable Use Policy. If cablelynx has reason to suspect that a subscriber, or anyone using a subscriber's account, is violating this Policy, then the account in question may be suspended pending an investigation. If, after an investigation, cablelynx determines that an account has been used in violation of this Policy, cablelynx may, in its discretion, terminate the user account.
- 1.3 Cablelynx does not actively monitor its subscriber's use of its services. We rely on our users to govern themselves and to protect the integrity of the network by reporting any violations of the Acceptable Use Policy to our Customer Service Department.
- 1.4 Cablelynx has the right, but not the obligation, to investigate any violation or alleged violation of this Acceptable Use Policy, including the right to examine any information or material on the cablelynx servers.
- 1.5 Cablelynx has the right, but not the obligation, to remove any content that it deems, in its sole discretion, to be in violation of any part of this Acceptable Use Policy.
- 1.6 Cablelynx has the right, but not the obligation, to take any steps it deems necessary to prevent violations of this Acceptable Use Policy from occurring.
- 1.7 The failure of cablelynx to enforce this Policy, for whatever reason, shall not be construed as a waiver of any right to do so at any time.

2.0 Illegal and Prohibited Activities

2.1 Cablelynx users must not use cablelynx to encourage, facilitate or engage in any illegal activities including, without limitation:

- (a) defamation: posting or transmitting any material which is defamatory under any applicable law;
- (b) fraud: posting or transmitting any information that you know or ought to know is false, and that you intend others to rely on;
- (c) unlawful material: posting or disseminating unlawful material
- (d) false advertising: posting or transmitting any advertising or promotional materials that contain false, deceptive or misleading statements, claims or representations;
- (e) copyright violation: posting or transmitting any information, software, photograph, graphic, music, sound and other material in violation of another person's copyright; and
- (f) Trademark violation: posting, transmitting, displaying or using any words or symbols that violate any other person's rights in its trademark or trade-name.

2.2 Cablelynx users must not use cablelynx to:

- (a) Harm or attempt to harm a minor, including, but not limited to, hosting, possessing, distributing or transmitting child pornography or other material that is unlawful.
- (b) Conduct, participate in, or otherwise facilitate, pyramid or other illegal soliciting schemes.
- (c) Take part in any fraudulent activities, including impersonating any person or entity or forging anyone else's digital or manual signature.
- (d) Invade another person's privacy, stalk, harass or otherwise violate the rights of others.
- (e) Restrict, inhibit, or otherwise interfere with the ability of any other person to use or enjoy their equipment or the cablelynx service, including, without limitation, by posting or transmitting any information or software which contains a virus, lock, key, bomb, worm, Trojan botnet, cancelbot or other harmful feature.
- (f) Access or use the cablelynx service with an IP address other than the dynamic Internet Protocol (IP) address assigned to you which adheres to dynamic host configuration protocol (DHCP). You may not configure the service or any related equipment to access or use a static IP address or use any protocol other than DHCP without prior approval from cablelynx.
- (g) Modify any cable modem connected to the cablelynx network, regardless of whether the modem is owned by you or leased from the Company, in order to commit theft of the service, fraudulently use the service or provide the service to a third party. Cablelynx may work with law enforcement if any such theft or fraud occurs.
- (h) Modify the MAC address of any modem connected to the network.
- (i) Collect or store personal data about other cablelynx subscribers.
- (j) Use an IP address not assigned to you by cablelynx.
- (k) Resell or redistribute the service to any third party via any means including but not limited to wireless technology.

3.0 Electronic Mail

3.1 Cablelynx users must not use cablelynx email to:

- (a) Send unsolicited bulk email (so-called "Spam")
 - (b) Send, or cause to be sent, large volumes of unsolicited email to a single or multiple people or entities (so-called "Email Bombing")
 - (c) Repeatedly send email to any person or entity that does not wish to receive it. If a recipient asks to stop receiving email from a cablelynx user, then that cablelynx user must not send that person further email
 - (d) Subscribe to any email list or service on behalf of a third party without that third party's consent.
 - (e) Reference cablelynx in the header or body of an unsolicited email, or list an IP address that belongs to the cablelynx network in any unsolicited email.
 - (f) Take any action which implies that cablelynx is the sponsor of any unsolicited email even if that email is not sent through the cablelynx network.
- 3.2 Cablelynx users must not engage in any of the activities described in paragraph 3.1 from another provider's email service and use a cablelynx account as an email return address or "drop" for responses.
- 3.3 Cablelynx users must not forge, alter or remove any email header.
- 3.4 Cablelynx reserves the right to release any usernames and associated email addresses immediately upon disconnect by the user, whether the service is disconnected voluntarily or by termination. Cablelynx is under no obligation to retain or make any username, email address or stored email retrievable after the service is disconnected.
- 3.5 Any email address at the cablelynx.com domain is the property of cablelynx and may be terminated or reassigned without notice.

4.0 Security, Privacy and "Hacking"

The customer is responsible for any misuse of the services that originate from their account, even activities committed by any friend, family, co-worker, employee, guest or anyone with access to the account. Customers must ensure that others not gain unauthorized access to the services.

- 4.1 Cablelynx users must not:
- (a) Attempt to or disrupt or interfere with the normal operation of cablelynx systems, networks or activities in any way that adversely affects the ability of other people, or systems to use cablelynx services or the internet, including, but not limited to:
 - a. Denial of service attacks;
 - b. Flooding of networks
 - c. Attempts to overload a service; and
 - d. Attempts to cause system crashes.
 - (b) Gain access to attempt or gain access to the private systems of data of cablelynx, or any third party without the prior consent of cablelynx or the third party.
- 4.2 The customer is responsible for the security of any device connected to the service, including any data stored on that device.
- 4.3 The customer is responsible for implementing appropriate security precautions for all systems connected to the service to protect against threats such as viruses, spam, Trojan botnets, and other malicious intrusions.
- 4.4 The customer is responsible for enabling the security of any wireless (WiFi) networks connected to the service. Any wireless network installed by the customer or a cablelynx representative that is unsecured or "open" and connected to the cablelynx network is prohibited.
- 4.5 The customer authorizes cablelynx to use technology to detect unsecured wireless

networks associated with your use of the service. If cablelynx determines that you are using the service via an unsecured wireless network, the Company will notify you to enable the security on the WiFi device.

4.6 Cablelynx users must not use their cablelynx accounts to:

- (a) Circumvent or attempt to circumvent security or authentication systems on any host, network hardware, or user accounts, including, but not limited to, logging into any server, account or network without authorization and electronically probing the security of any system or network; or
- (b) Disrupt or interfere with the normal operation of any system or network operated by any third party, or attempt to do so.
- (c) Gain access or attempt to gain access to the private systems of data of cablelynx or any third party without the prior consent of cablelynx or the third party.

5.0 Censorship and Adult Materials

Cablelynx believes in freedom of expression and the right of individuals to decide for themselves what they want to see and listen to. We do not believe it is the place of an ISP to censor or regulate the internet. However, users must not use cablelynx to transmit or post any information or image that is criminally obscene or otherwise prohibited under any applicable law.

Cablelynx assumes no responsibility for internet content available through the services. Customers are responsible for restricting access to sexually explicit material on the internet, by purchasing the appropriate filtering software, or by monitoring internet use. Content questions or complaints should be addressed to the content provider.

- 5.1 Users must not use cablelynx to post offensive or crude messages or images on publicly accessible pages or sites, except where such messages or images are appropriate having regard nature to the site. Cablelynx has the right, but not the obligation, to remove messages or images that cablelynx, in its sole discretion, determines are offensive.

6.0 Bandwidth/Network Traffic and Other Limitations

You must comply with the current bandwidth/network traffic, data storage and other limitations on the services. Users must ensure that their activity does not improperly restrict, inhibit or degrade any other customer's use of the services, nor represent (in the sole judgment of cablelynx) an unusually large burden on the network itself.

- 6.1 The guidelines for bandwidth/network traffic usage per month for each service package are the following:

- (a) Lite – totaling 50 gigabytes (GB)
- (b) Residential – totaling 150GB
- (c) Enhanced – totaling 250GB
- (d) Turbo – totaling 350GB
- (e) Business Standard and Business Enhanced – totaling 500GB

Users exceeding the bandwidth/network traffic amounts specified for their service package may be charged \$10.00 for every 10GB used in excess of their specified amount. In addition, users must ensure that their activity does not improperly restrict,

- disrupt, inhibit, degrade or impede cablelynx's ability to deliver the services and monitor the services, backbone, network nodes, and/or other network services.
- 6.2 Customers may not resell, share, or otherwise distribute the services or any portion thereof to any third party without the written consent of cablelynx. For example, you cannot provide internet access to others through a wireless connection, host shell accounts over the internet, provide email or news service, or send a news feed unless express permission is granted by the customer agreement.
 - 6.3 Customers may not provide network services to others via the cablelynx service.
 - 6.4 Users may not operate, or allow others to operate, servers of any type or any other device, equipment, and/or software providing server-like functionality in connection with the service, unless express permission has been given by cablelynx.
 - 6.5 Residential service levels (Lite, Residential, Enhanced and Turbo) are specifically designed for personal, non-business related use of the internet and may not be used for commercial purposes. Customer agrees not to use the service for operation as a de facto internet service provider, or for any other business enterprise (whether for profit or non-profit), including, without limitation, IP address translation or similar facilities intended to provide additional access. For business internet service, please contact our Customer Service department.

7.0 Copyright Infringement Claims

The Digital Millennium and Copyright Act (DMCA) of 1998 states that cablelynx must implement a notification and termination policy for copyright infringement claims to avoid legal liability when customers continuously infringe copyrights. When a copyright infringement claim is received, cablelynx will take the appropriate steps to contact the customer and resolve the issue. Below is a summary of the notification and termination policy:

- First, Second, Third and Fourth Complaints – Customer is notified by phone and letter of the copyright infringement claim.
 - Fifth Complaint – Customer is forced to accept the terms and conditions of using cablelynx service when web browser is redirected to a cablelynx webpage before customer can continue using the internet.
 - Sixth Complaint – Customer's service is disabled until they speak with a Cablelynx representative and agree to abide by the Acceptable Use Policy.
 - Seventh Complaint – Customer's cablelynx service is disconnected and they are unable to reconnect service for six months.
- 7.1 Cablelynx will not share the customer's name or any other personal information with the copyright owner. Instead, cablelynx notifies the customer of the allegation and it is up to the user to determine what action to take.
 - 7.2 It is the responsibility of the user, and not cablelynx or a representative of cablelynx, to contact the copyright owner and dispute the claim if he believes that the notice is in error.
 - 7.3 In all events, you expressly agree that cablelynx will not be a party to any disputes or lawsuits regarding alleged copyright infringement claims.

8.0 Updates to the Acceptable Use Policy

The Acceptable Use Policy is subject to change without notice. The current version of the Acceptable Use Policy is always available at www.yourcableinfo.com.

9.0 Questions and Complaints

Please direct any questions you may have regarding this Acceptable Use Policy and complaints regarding violations of this policy by other cablelynx users to the cablelynx Customer Service Department – 1-800-903-0508.
